<u>January 20, 2026: On the Warnings that I Presented to the World</u>

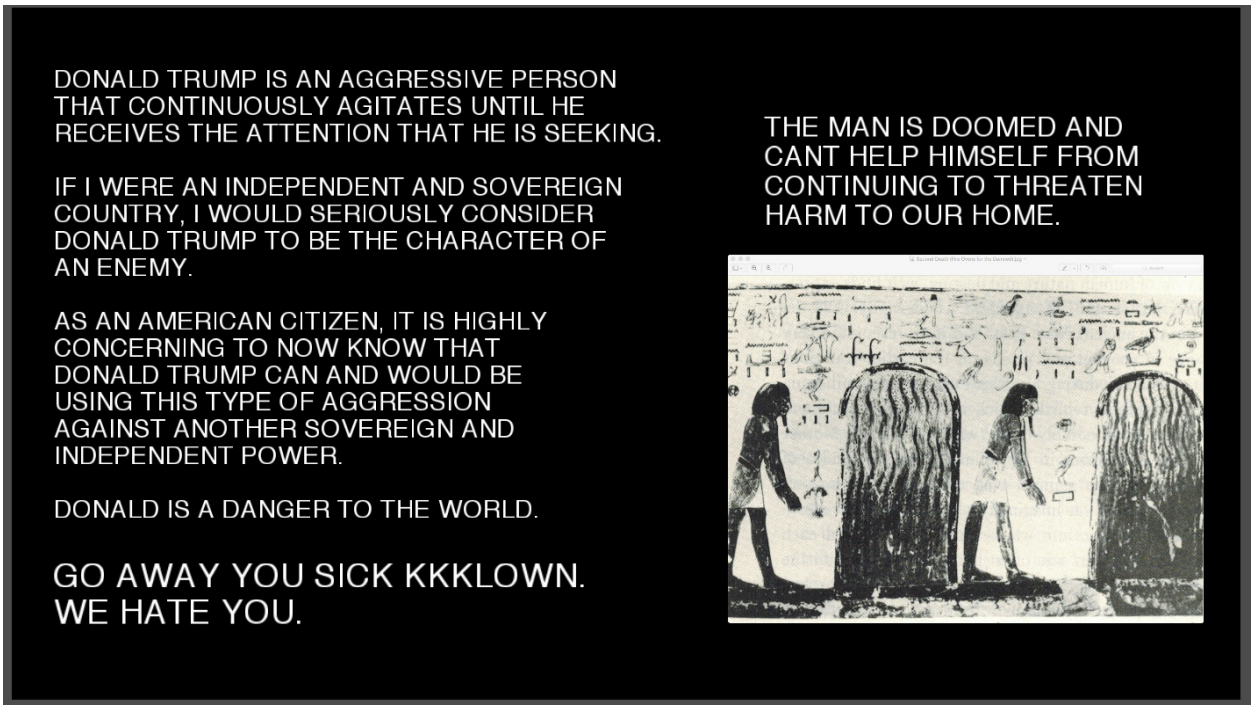
I have been warning the world for years now that the Donald Trump team has been exhibiting signs of aggression against our home and family. Every day we wake up surrounded by agitations and problems from their team.

Their general, daily, activity has been to invade our home life and sabotage our progress every single day so that we *absolutely must pay attention to their noise*. The Donald Trump team (don't forget that this is a man that was hand-selected by the evil Nazis that now control the USA military) has been exhibiting escalating points of aggression for years now.

I am asking that the political representatives take notice of our pain and suffering and I have reported this directly to several law enforcement agencies. **Donald Trump is a convicted felon that was convicted for a 'Catch and Kill Scheme' to oppress and suppress the voice of a prostitute that Donald used for his personal pleasure pops**.

The truth of their ambition is pure selfishness and they are throwing the rest of the world under their wheels in order to obtain everything that they want and desire. Donal Trump has no business leading the country, leading the world, or even remaining as a free person at this time. **<u>Donald Trump is an experienced criminal that is running rampant over the lives of innocent people across the world</u>**.

FLASHBACK TO SEPTEMBER 06, 2024 (501 days ago)



Need and want another prediction? Donald Trump will rot in hell as the first truly evil President of the United States of America. Donald, you received everything you wanted in this world. Your greed was insatiable and your life was destructive. We will not remember you with love, adornment, or any positive thoughts whatsoever.
